Parent(s) also agree to indemnify, defend and hold harmless the District and its board members, employees, volunteers, and agents from and against any and all claims, liabilities and causes of action, including attorney fees and costs, for injury to the Student and/or for damages to or destruction of property belonging to the Student or Parent(s), which may arise out of or in connection with the Student's participation in the Sport.

The District may provide transportation for students to and from events and activities usual and customary to the Sport. However, the District is unable to provide transportation in all circumstances and to all events and activities. In addition, the nature of some sports requires practices and competitions to be held off-campus, limiting the District’s ability to provide transportation on every occasion. The Student and Parent(s) hereby acknowledge and understand that the District does not assume any responsibility for the Student’s transportation when District transportation is not used and the Student and/or Parent(s) are solely responsible for making appropriate arrangements to and/or from the athletic event or activity.

The Student and Parent(s) acknowledge and understand that the District is protected from liability under the Colorado Governmental Immunity Act for injuries and damages that may arise out of or in connection with participation in the Sport, and understand that any injuries or damages arising out of or in connection with participation in the Sport may not be covered by District insurance. For these reasons, it is recommended that the Student or Parent(s) obtain appropriate insurance from qualified sources to cover medical expenses and other costs that could result from injury to the Student, and damage to or destruction of property belonging to the Student or Parent(s), which may arise out of or in connection with the Student’s participation in the Sport. The District makes voluntary student accident insurance available through a third-party provider. **More information regarding coverage and rates, as well as links to enrollment forms can be found at: <https://www.psdschools.org/riskmanagement/student-insurance>.**

The Student and Parent(s) acknowledge and understand that the Student shall be subject to the District’s Student Rights and Code of Conduct, as well as all other applicable District policies and rules, at all times related to Student’s participation in the Sport regardless of location, including travel to and from sites where the Sport and related activities take place. As a condition of participating in the Sport, Student shall comply with all instructions and safety precautions communicated by school and site officials.

We, the undersigned Student and Parent(s), have read this Release and understand all of the terms thereof, the nature of the Sport to which they apply, and the risk and dangers that may exist in allowing Student to participate in the Sport. We also understand and agree to abide by the provisions of this Release, which are a necessary condition of the Student’s participation in the Sport. We execute this document voluntarily and with full knowledge of the rights we are giving up and the obligations we are assuming, effective as of the date first written above.
